Soccer teams
This Friday the 4/5 team will have a home game against Severnlea and the 6/7 team will be travelling away to Broadwater. Home game should commence about 1pm.

Head lice
There will be a head lice check tomorrow. A note will be sent home letting you know the outcome.

Footwear
It has come to my attention that students are not wearing the correct footwear to school. The correct footwear for our school is joggers or black lace up shoes. Volleys and slip on shoes are not acceptable.

School Opinion Surveys
Please find attached school opinion surveys to be return by the 5 August. Surveys are given to families randomly so don’t be concerned it you do not receive one. Please take the time to fill these in as the results are important for the direction our school takes in the coming years. Results are also collated by EQ for staffing and financial reasons.

Regards
Scott Koch

Thought for the week
Only by great risks can great results be achieved.
**News from the classroom**

3/4/5
Well I am back in the land of the living this week (thank God!) and I’d like to say a HUGE thankyou to all of the staff that taught my class last week. Also a HUGE thanks to my class, who worked hard all week!
We have just begun our units this week. We are discussing different types of poems and our ideas of Space. The children are encouraged to look for examples of different types of poems to bring in to share with the class.
Homework is due on Friday. If your child is sick on Friday it is expected that they will bring it in on Monday.

Cheers, Lauren ©

**Prep 1/2**
This week we have been focusing on the children reciting their individual poems slower and using lots of expression. Please encourage this when they are practising at home. This week the year 1 and 2 children are writing a dreaming story. I am encouraging them to write independently, putting in the sounds they hear. When these children are confident to have a go themselves, then there is no limit to how good they can become at writing. Next week for news I would like the students to bring in a picture book or an object that moves as we are taking about this in science this term.

**Sustainability week**
We are again having our own sustainability week in the last week of this term from the 12 to 16 September. I am currently organising a timetable of events. We would love parents to come along and join us in this week for some of the activities we are going to organise. In the afternoon of that week we will also be doing bike education and will finish the week with a bike ride around town which is something that will happen every year. Riding bikes encourages students to save energy. Eg petrol which in coming years will most probably cost us more and more out of our hard eamed money. Please help out by making sure you child’s bike is ready to go for this week. If your child does not have a bike perhaps they maybe able to borrow one from a friend as I know lots of children have told me they have spare ones.

**School Camp.**
All camp fees must be paid for by the end of this term which is 10 weeks. If you have not paid the full amount, I am afraid your child cannot attend. Thanks to the parents who have paid this amount in full.

Scott Koch
Principal

**Milk Bottle Caps**
Please send along the milk bottle caps. There is a container here at school. This program is now up and running again.

**Tuckshop Roster for Term 3**
