**3-4 News**

Homework was sent home on Friday and students must read at least 4 nights for 25 minutes each time. Please remind your child to get stuck into their reading as it will improve not only their reading skills but their writing and spelling as well.

We are studying plays this term and the students are working through their nerves and initial embarrassment of acting in front of their peers. As we progress through the term, the children will need to rehearse lines and actions and along with doing this at school, home practise will be beneficial. This will also help with the kids being comfortable performing in front of others.

Cheers, Lauren.
